

Perform Intensely. Achieve Immensely.

Ashutosh J.
Lead Vocalist & Guitarist
IT Support Specialist

Some people take things as they come. Others push themselves to go farther. For high performers, a position at Optum, a part of the UnitedHealth Group family of businesses, is a natural fit. We're a leading health services and innovation company dedicated to improving the health system for everyone. With over 165,000 people collaborating worldwide, we're working to improve the delivery, quality and efficiency of health care. Simply put, you'll have the opportunity to do **your life's best work.SM**

Take your potential to new levels with one of the world's most ambitious technology teams.

Opportunities in the Technology Development Program at Optum. As starting points go, this one's a doozy. We're going to put you on a team of 25,000 or so technology professionals who actually believe their work can improve the lives of millions. In no time, you'll believe it too. Because you'll be elbow to elbow with people who are using technology in amazing ways to help change our health care system forever. This program is not just practice for the big leagues. They'll shape your career and get you started on **your life's best work.SM**

Full-time Information Technology Opportunities

The Optum Technology Development Program is designed to provide development sessions over a one year span. Our goal is to drive the development of well-rounded technologists within the organization through close interaction with our experienced professionals and mentors. Some of the areas you could potentially work in:

- Data Analytics/Data Science
- Development/Engineering
- Infrastructure
- Project and Product Management
- Security
- Systems and Business Analysis

Skills & Abilities

- Accountability
- Analytic ability
- Drive and integrity
- Innovation
- Leadership
- Results oriented
- Versatility and quality focused

We're a performance driven company that invests in people by providing the business and technology curriculums that are core to our future. We will challenge you, but even more, we will back you with the resources, training and mentoring you need to do a great job. This is an opportunity to develop your career within a technology community that would be a Fortune competitor as a stand-alone entity. We take your career seriously as well. You'll have more choices, more opportunities and more flexibility in your first few years than most employers can offer in a lifetime.
